

This website is intended to give a presentation and general background information about an investment vehicle or more investment vehicles, referred to as ALS Investment Fund (“ALS-IF”), that will invest in companies that are developing specific therapeutics and diagnostics for the treatment of ALS and other diseases. It is information in a summary form and does not purport to be complete. These materials are for preliminary informational purposes only and are not an offer or solicitation to buy or sell any security or to participate in any trading strategy. The information contained herein is preliminary and subject to change and is also incomplete. These materials do not constitute all the information necessary to adequately evaluate the consequences of investing in ALS-IF.

The information set forth in this document is proprietary and shall be maintained in strict confidence. Each recipient hereby acknowledges and agrees that the content of this presentation (i) constitute proprietary and confidential information that the management company of ALS-IF (“SUNU Ventures BV” or “SUNU”) and its affiliate derive independent value from not being generally known and (ii) are the subject of reasonable efforts to maintain their secrecy. References to investments made by ALS-IF only serve as examples of the type of investments that the ALS-IF intends to make, they do not represent investments made or will be made by ALS-IF. Such investments were not selected based on specific performance criteria and are for illustrative purpose only. Such investments are all the investments that have been made by ALS-IF as of April 2020. It should not be assumed that ALS-IF will make comparable investments, or that the investments by the ALS-IF in the future will be profitable or will equal the performance of such investments. In considering any prior performance information contained herein, investors shall bear in mind that past performance is not necessarily indicative of future results, and there can be no assurance that SUNU or the ALS-IF will achieve favorable results or be able to avoid losses. Unless otherwise indicated, all gross internal rates of return and all multiples on invested capital are presented on a “gross” basis (i.e. they do not reflect management fees, “carried interest,” taxes and other expenses borne by investors).

The information contained herein is not intended to provide, and should not be relied upon for accounting, legal or tax advice or investment recommendations and does not take into account the investment objectives, financial situation or needs of any particular investor. These should be considered, with professional advice, when deciding if an investment is appropriate. This document contains certain “forward-looking statements”. The words “anticipate”, “believe”, “expect”, “project”, “forecast”, “estimate”, “likely”, “intend”, “should”, “could”, “may”, “target”, “plan” and other similar expressions are intended to identify forward-looking statements. Indications of, and guidance on, future earnings and financial position and performance are also forward-looking statements. Due care and attention has been used in the preparation of forecast information. Such forward-looking statements are not guarantees of future performance and involve known and unknown risks, uncertainties and other factors, many of which are beyond the control of SUNU or the ALS-IF, that may cause actual results to differ materially from those expressed or implied in such statements. There can be no assurance that the actual outcomes will not differ materially from these statements. None of SUNU, ALS-IF or any other person gives any representation, warranty, assurance or guarantee that the occurrence of the events expressed or implied in any forward-looking statements in this document will actually occur. Both SUNU and ALS-IF disclaim any obligation or undertaking to publicly update any forward looking statements, whether as a result of new information or future events.

Any offering of securities will be made to qualified investors only by means of a prospectus or offering memorandum containing detailed information regarding the issuer and its management, and risk factors, including liquidity risks, and other material aspects of the investment and should be read carefully before an investment decision is made. Such prospectus or offering memorandum will be made available through SUNU.
